

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. ## PUBLIC HEALTH INSTRUCTION

During the past seven years the Medical and Chirurgical Faculty has carried on its list of Committees, one with the title of Committee on Public Instruction. The functions of this Committee have been and are to seize every opportunity that presented and where none appeared to make them, to offer the citizens of Maryland thoroughly modern instruction in elementary subjects of hygienic and sanitary importance.

This has been accomplished in part by lectures, in part by various exhibits, and also by short newspaper articles through and by which a large number of people have been reached and benefitted. During the past year (1913) the Committee arranged for nearly two hundred lectures, besides fifteen public health exhibits in Baltimore, Anne Arundel, Carroll, Washington, Frederick and Alleghany Counties, assisting in the arrangement of a Mental Hygiene Congress as well.

The Committee is now in active coöperation with nearly every civic organization of the City and State, as well as the School Board. Since January 1, 1914, over one hundred lectures have been given, nearly fifty of them to public school children. Three groups of Camp Fire Girls, one group of the Boys Brigade Hospital Corps and the Instructors of the Playground Association are being instructed in first aid, the latter group under Dr. H. H. Stansbury being prepared for Red Cross certificates.

It has been deemed advisable to utilize space in the BULLETIN each month for the purpose of keeping the members of the Faculty in closer touch with the work of the Committee than formerly and if possible secure from their number more active coöperation. In another column will be found the number and names of those physicians who have given generously

of their time and knowledge at the call of the Committee, but more are needed. It is absolutely necessary that we have at least twenty-five men whose time will enable them to speak in the public schools during the session of 1914-15, as well as a larger number who are willing to speak at night when called upon. It is proposed to form a Corps of Public Speakers that will act as ex-officio members of the Committee, and it is also proposed to ask the assistance of the entire Faculty to enlarge the limits of the work. If every member of the County Societies would take it upon themselves to advertise the Committee and seek opportunities to gather together audiences in towns and cities of the State, and if every member of the City Society would use his acquaintance with clergymen, and other individuals interested in public welfare work, the list of lectures given during the rest of 1914 and the year 1915 would run well over three hundred.

The Committee is prepared to place editorials upon pertinent subjects in the *Evening Sun*, also shorter articles in the *Evening News* and *American*. The editorials should not run over 2500 words and the shorter articles about 600 words.

The following physicians have lectured at least once and some of them many more times at request of the Committee of Public Instruction: Roll of Honor, 1913-1914: Drs. Anna S. Abercrombie, Ronald T. Abercrombie, Lewellys F. Barker, Harvey G. Beck, Joseph C. Bloodgood, A. K. Bond, Thos. R. Brown, Alfred A. Burdick, Wm. L. Byerly, Albert H. Carroll, Thos. R. Chambers, M. Chideckel, Edward V. Spear.

*Wanted.*—The names and addresses of physicians who will prepare lectures of not exceeding forty-five minutes, upon the following subjects: (1) The Fly and the Mosquito (Slides furnished); (2) Rest, Sleep and Recreation; (3) Food in Market and Home; (4) The Patent Medicine Habit; (5) Prevention of Infectious Diseases; (6) Typhoid Fever; (7) Tuberculosis; (8) Mouth Breathing, its Cause and Effects; (9) Uses and Abuses of the Home Refrigerator; (10) Housing and Health.

Please communicate with the Secretary of the Committee, Dr. S. J. Fort, 1211 Cathedral St., Baltimore, Md.

It is none too soon to prepare for the campaign to secure votes for the \$750,000 loan with which Sydenham Hospital is to be enlarged. Remember this is to be a rider on the regular ticket next November, and unless the

profession get out and work, there may be a serious deficiency in the number of votes cast for it. The Committee desires a series of newspaper articles which should be prepared as soon as possible so that they will be available at the proper time. The following editorials for the *Evening Sun* have been suggested and volunteers are called for to supply the need: (1) The Value of a Public Hospital for Communicable Diseases, to the Public; (2) How to Obtain Entrance into Sydenham Hospital and Its General Rules of Management.

### REPORT OF THE PUBLIC INSTRUCTION COMMITTEE PRESENTED TO THE HOUSE OF DELEGATES

BALTIMORE, April 28th, 1914.

#### *The President and Council:*

The consolidated report of the Committee on Public Instruction for the year 1913 has already been placed at the service of the Committee in charge of the campaign for funds at Annapolis last January and the following is a recapitulation of the actual work done. As the Executive Secretary of the Committee it is a duty as well as a pleasure to state that nearly fifty men and women members of the Faculty have voluntarily given their time and knowledge as speakers, some of them many times, and the generous support of the Council has made the work not only pleasant but I think of great importance to the community. The Committee is in active coöperation with a large number of civic organizations which are constantly calling for speakers, and has also made a more or less satisfactory beginning in the public schools, by a series of not quite forty-five lectures since January 1. The total number of lectures given since that date is 123, and had the original schedule arranged with the Superintendents of Schools, been carried out, this number would have been increased to about 165. The Exhibit was placed in the old Senate Chamber of the State House during the Legislature for nineteen days and during that time over three thousand people from all over the country had an opportunity to see it as well as the entire Legislative body. The present Committee is enthusiastic and earnest. It hopes to offer an interesting program at Ocean City during the meeting of the State Teacher's Association, though it was impossible to obtain a share of the printed program owing to press of other educational work.

It is possible that the Committee will handle a Fly Campaign in Cambridge, through the efforts of the Women's Club of that town, and other active plans for the summer are in hand.

It is hoped that plans can be matured for numerous lectures in the public schools beginning in October of this year. For this purpose it is necessary to secure a number of speakers whose time will permit them to take hours

in the morning or afternoon rather unsuitable to medical men. However much interest a physician may have in such work, it is asking much to lose office hours, or to give up his or her time for a number of consecutive lectures, even though at intervals of a week. For this reason the Committee is desirous of obtaining skeleton lectures on approved subjects from the more experienced members, which can be utilized by younger members with some oratorical ability, but less experience. Requests of this nature will appear in this number of the BULLETIN in which publication the Committee proposes to conduct a Department of Public Health Education from now on.

The meeting of the Baltimore City Medical Society with special reference to the subject of Publicity was suggested by your Committee and it is hoped will produce results. In the meantime the State Board of Health and the Committee is printing in the *Evening Sun* and *Evening News*, weekly articles on pertinent hygienic subjects.

Total number lectures to January 1, 1914, 154. Estimated number attending lectures, 7,700.

Exhibit shown Osler Hall, 1 night; 214 N. Charles St., 10 days; Talmud Torah Hall, 5 nights; Fells Point Dispensary, 5 nights; Olive Branch Church, 5 nights; Locust Point Dispensary, 11 nights; Fulton Ave. Baptist Church, 5 nights; Annapolis (State Teacher's Association), 4 days and nights; Walbrook M.E. Church, 5 nights; Westminster, 5 days and nights; Frederick, 5 days and nights; Hagerstown, 6 days and nights; Cumberland, 5 days and nights; Lutherville, 5 nights; St. Stanislaus Hall, 5 nights. Estimated number visiting Exhibit, 15,000.

Milk film shown 18 times. Alcohol film, 12 times. Total number seeing same (estimated) 5,000.

Three educational editorials in the *Evening Sun*. Twelve educational short stories, *Evening News*.

Between 40 and 50 lectures arranged already this year, 12 at Maryland Agricultural College, 18 on First Aid for Boys Brigade, 12 at St. Mary's Church, and a series at Waverly M.E. Church, that may number 20.

Cost of Exhibit, with added expenses for incidentals about \$1,600. Cost of 15 exhibits, including salaries, expressage and printing, \$1,900. Total, \$3,500.

Respectfully submitted,

DR. S. J. FORT,  
*Chairman.*

The 70th annual meeting of the American Medico-Psychological Association will be held in Baltimore from May 26th-29th inclusive. The annual oration will be delivered by Dr. Lewellys F. Barker, the subject being "The Relations of Internal Medicine to Psychiatry."

Radium Element  
content Guaranteed.

In two clinics of 38 and 16 cases, the use of the soluble salts of

# RADIUM

as Drinking Water, Bath Water or intravenously, in the sub-acute and chronic stages of

## ARTHRITIS

Showed:

**80% RECOVERIES and IMPROVEMENTS**

(31 and 12 cases respectively)

Of the second clinic, 80% showed an increase in red cells of from 250,000 to 1,175,000; 73 1-3% showed an ultimate marked increase in hemoglobin. The average decrease in blood pressure was 15 5-7 mm.

Uniform success with the "Standard" Radium products is assured by reason of their therapeutically accurate, carefully standardized guaranteed Radium ELEMENT content.

Supplied upon prescription from our laboratories only.

**T**HE Battle Creek Sanitarium is an institution for the treatment of chronic invalids—incor-

porated 1867—re-incorporated 1898—erected and equipped at a cost of \$2,000,000—non-profit paying—exempt from taxation under the laws of Michigan—employs 300 nurses and trained attendants and 600 other employees.

The institution has a faculty of 30 physicians, all of good and regular standing and has treated over 89,000 patients, among whom are nearly 2,000 physicians and more than 5,000 members of physicians' families.

Any physician who desires to visit the Sanitarium will receive on application a visiting guest's ticket good for three days' board and lodging in the institution—no charge is made for treatment or professional services to physicians.

Send for a copy of a profusely illustrated book of 229 pages entitled "The Battle Creek Sanitarium System," prepared especially for members of the medical profession.

# Burnside Farm Milk and Walker-Gordon Methods

All milk used at the laboratory is produced at Burnside Farm where all details are carried out as directed by the American Association of Medical Milk Commissioners.

This milk with a bacterial content of less than 5000 per c.c. is either separated for recombining in all possible formulae for infant feeding or is delivered as bottled at the farm for home-modification or other use.

Shipments in refrigerator cases by parcel stamp, milk ticket or Express Companies render efficient out of town service.

Among the Special Products of the Laboratory are: Whey, Cereal Waters or Jellies, Distilled Water, Malt Soup, Eiweiss Milk, Buttermilk, Kephir, Kumyss, Bulgara (containing *Bacillus Bulgaricus*), Bulgara Tablets, Milk Ferment Cultures (liquid) for preparing both plain buttermilk and the Bulgarian type and special-raw or sterilized milk for ocean or other travel.

## Mountain Valley Springs Water OF ARKANSAS

IT IS RADIO-ACTIVE. It is the best Diuretic in the Treatment of  
KIDNEY AND BLADDER DISEASES

**T**HE drinking of *Radio-Active Water* has every advantage, both naturally and physiologically, over every other method of administration. **Mountain Valley Water is Radio-Active.**

It has proven an exceedingly effective agent in the treatment of those diseases which require the administration of an effective eliminant. It has been found especially beneficial in Kidney and Bladder Troubles, Fevers, Rheumatism and Gout. Physicians have adopted its use in Bright's Disease and Diabetes, having found that the poisonous products of these diseases are rapidly thrown off when *Mountain Valley Water* is given.

The water may be given continuously over a long period without any ill-effect on the patient, and prevents collection of toxic materials in the eliminative organs. It is a preventive as well as a remedy.

## MILK PASTEURIZATION

---

Dr. M. J. Rosenau of the Harvard University Medical School, speaking on pasteurization, said:

"Many experiments have been made in several laboratories, and in my own laboratory, demonstrating to our entire satisfaction that milk heated for the temperature and time described, ( $60^{\circ}$  C. for twenty minutes), sours just as normal, raw milk sours. Nature's danger signal has not been destroyed, and there can be no objections from that particular standpoint."
